Just Now

We are somewhat torn up on the outside of our storerooms by reason of remodeling our windows. When done we will present quite a formidable "Front." The "Inside," however, represents a herculean strength that only is derived from handling merchandise superior in quality and at the prices we sell them—cheaper by far than the ordinary run of ready-made clothing. Here you find the choice production of four or five of the most famous of Rochester's manufacturers.

None Made and Fit Like Them in the World!

The hundreds of young and old who buy them of us will tell you so. In this season's stock we are stronger than ever before—strong in quality and weak in price. The quantities we buy, and the discounts obtained by paying for them as soon as they come in, enable us to sell you the best at reasonable prices. We cannot tell you much more about our Shoes than you already know. No sensational prices. We simply buy the best made, sell them as low as conforms with good business ethics; and if you buy a pair that are guaranteed to you to wear well, your money back if they don't.

PROCLAIMING PRINCIPLES!

Candidates For Senator Formulate Their Platform.

OPINIONS UNWORTHY AMERICANS.

Lexington Evening Post.

KENTUCKY DEMOCRATIC PLATFORM.
Resolved, First.—That "President McKinley was inaugurated and inaugurated with that base ever set in the executive chair. Where was the Democrat in Kentucky that would give aid to this man Croges, and yet where is the Kentucky Republican that has not given aid and protection to the assassin of William Goebel? How would President Roosevelt feel if Governor Beckham should offer to give protection to Croges, as Roosevelt offered to give it to Taylor, the fugitive? Now Roosevelt is repeating the reward for his infamy."—See Wheeler's speech, Mayville, September 22.

Resolved, Second.—We charge that from the time the President's Administration was inaugurated and given power, not one day, not one hour, has passed except their main purpose was to enrich mankind upon a cross of gold and to press the crown of thorns upon the brow of labor."—See speech of Charles J. Bronson, Lexington, September 22.

Resolved, Third.—That we denounce those Ministers who, "praying for McKinley, did not pray for Goebel, or who secret prayers to the Throne of grace that the life of that brave and meaning William Goebel, should not be spared, but that the man making the crown against him should be his successor."—See Judge Cantrell's charge, Frankfort, September 2.

Resolved, Fourth.—That we call the attention of the Legislature to the fact that not a single executive officer at Frankfort holds office by the verdict of the people, but solely by the decision of Judge Cantrell, who on appeal reversed the popular decree and gave the spoils to the Democrats, and we claim for him the verdict, "thou hast been faithful over a few things, and we will make thee ruler over many."—See Judge Cantrell's speech, September 22.

Resolved, Fifth.—That Grover Cleveland yielded to Wall street, sacrificed his party and threatened the very life of the Republic, and today we rejoice in the fact that we can hardly mention the name of Grover Cleveland in the presence of an honest man, that he does not either charitably or aside of him as the man that had thus proved a traitor, not only to his party, but to his people."—See Bronson's speech, Lexington, September 22.

Resolved, Sixth.—That we repeat and reaffirm the words uttered by our matchless leader, William J. Bryan, at Chicago, in 1896, when he referred to the men of the Republican Convention, William McKinley: "No private character, however pure, no personal popularity, however great, can protect from the avenging wrath of an indignant people, a man who will declare that he is in favor of fastening the gold standard upon the country, or who is willing to surrender the right of self-government, and place the legislative control of our affairs in the hands of potentates and powers."

Resolved, Seventh.—That we still adhere, even through clouds and darkness, to our faith in the statement that "if we have a gold standard, we are as certain to fall as the stone which is thrown into the air," made by our matchless prophet, W. J. Bryan, at Newton, Ia., August 8, 1896; therefore, and finally.

Resolved, Eighth.—That we shall stand now and forever for the immediate, unconditional and unlimited coinage of silver at 16 to 1, without waiting for the consent of the American or any other Nation.

The total emigration of Swedes to America during the last fifty years has exceeded \$50,000, while about \$50,000 Swedes have gone to other countries. Of the emigrants to the United States only 5 per cent. have returned to their native country.

With CHARLEY WHEELER slandering the name of President McKinley and JIM CASTELL boasting that he used his judicial power for political purposes, is it any wonder that the Democratic State Campaign Committee has muzzled these rabid animals?

In 1899 the United States exports to Europe were valued at \$386,000,000, and the imports from there were worth only \$533,884,000. In 1900 the amount was \$1,040,000,000, against \$415,600,000. In other words, under the Protective Tariff system the United States sold to Europe two and a half—sometimes even nearly three times—as much as it bought from Europe. If any Free trader can produce such a record for his "Ibid," THE LEDGER pledges itself to become at once an advocate of Free trade.

The four Democratic aspirants for United States Senator—MR. CHERRY, WICKLER, SMITH and CASTELL—were scheduled for a "joint debate" but at the first one in this city, WHEELER and CASTELL gave such a magnificent exhibition of assiduity and venom, that the Democratic State Campaign Committee canceled the remaining five. But that matters little. There was enough of the first to go all over the state, and the Republicans and DIK KNOTT are attending to the sending of it.

"JUDGE" JAMES E. CASTELL, the Mouthsmith, has been working his jaw some time since.

Resolved, Ninth.—That we repeat and reaffirm the words uttered by our matchless leader, William J. Bryan, at Chicago, in 1896, when he referred to the men of the Republican Convention, William McKinley: "No private character, however pure, no personal popularity, however great, can protect from the avenging wrath of an indignant people, a man who will declare that he is in favor of fastening the gold standard upon the country, or who is willing to surrender the right of self-government, and place the legislative control of our affairs in the hands of potentates and powers."

Resolved, Tenth.—That we still adhere, even through clouds and darkness, to our faith in the statement that "if we have a gold standard, we are as certain to fall as the stone which is thrown into the air," made by our matchless prophet, W. J. Bryan, at Newton, Ia., August 8, 1896; therefore, and finally.

Resolved, Eleventh.—That we shall stand now and forever for the immediate, unconditional and unlimited coinage of silver at 16 to 1, without waiting for the consent of the American or any other Nation.

The total emigration of Swedes to America during the last fifty years has exceeded \$50,000, while about \$50,000 Swedes have gone to other countries. Of the emigrants to the United States only 5 per cent. have returned to their native country.

LAWSON'S CHALLENGE.

Will Race Boralma Against Lord Derby For \$5,000 a Side, Winner to Take All the Money.

Lexington, Ky., Oct. 2.—Secretary Horace Wilson Tuesday night sent the following telegram to Mr. Harry Hamilton: "I am authorized by Mr. Thos. W. Lawson to have a challenge to you to race your horse Lord Derby against his horse Boralma for \$5,000 a side, the winner to take all the money. The race to be decided over the Lexington track one week after the match race between The Abbot and Boralma is contested, which would set it, providing no delays occur from bad weather, on Wednesday, October 16. The race to be the best 1 to 5, under National association rules, and the money to be posted with this association by 7:30 o'clock of evening before race. Should The Abbot from any cause be prevented from meeting Boralma, and you should accept Mr. Lawson's challenge on behalf of Lord Derby, the race will be set for Wednesday, October 16, and in such case the association will add to these stakes \$10,000, originally set aside for the match race between The Abbot and Boralma, which would set it, providing no delays occur from bad weather, on Wednesday, October 16. Please answer promptly, covering both propositions."

RACE DECLARED OFF.

Creecens and Charley Herr Will Not Trot at the Coming Meeting at Lexington, Ky.

Lexington, Ky., Oct. 2.—The special match race between Creecens and Charley Herr, on the programme for the second day of the coming meeting of the Kentucky Trotting Horse Breeders' association, has been declared off by the board of directors, who have Tuesday night issued a statement in part as follows: Last April Mr. Thomas W. Lawson, after completing the \$20,000 match race between The Abbot and Boralma, proposed to donate \$2,000 for a special race, no entrance, between Creecens and Charley Herr on the same day. It is now Tuesday night, and after waiting until the last practical moment, having for favorable conditions that the comparative form of Creecens and Charley Herr, which has been declared off, is a race between them would be a farce, he has therefore, declared to donate \$2,000 for such a race, and it is, consequently, declared off.

CARBONDALE MINES.

Fifteen to 25 Shots Were Fired by Strikers Regardless of the Presence of State Guards.

Earlington, Ky., Oct. 2.—At Carbondale mines, nine miles from here, the citizens and soldiers stationed there were alerted by the firing of from 15 to 25 shots at a time when the presence of troops was expected to be a guarantee of good order. The soldiers and troops, under command of Capt. Thomas of Bowling Green, which was sent to Carbondale Sunday because of Saturday's attack, were alerted by the firing of from 15 to 25 shots at a time when the presence of troops was expected to be a guarantee of good order. A SIGNAL VICTORY.

Venezuelan Troops Who Invaded Goajira, Colombia, Under Venezuelan Flag, Defeated.

NO PREVIOUS DECLARATION OF WAR.

At the Recent Fight at Caranua the Colombians Took Four Batteries of Artillery.

Gen. Echeverria, Who Led a Portion of the Expedition, Was Killed—The Enemy Was Completely Routed.

Washington, Oct. 2.—The following cablegram was received at the Colombian legation in this city Tuesday: "Bogota, Oct. 1.—Colombian Minister, Washington: We have obtained a signal victory over Venezuelan troops that invaded Goajira under Venezuelan officers and under the Venezuelan flag, without a previous declaration of war. Signed, Alvaro Mendez, Minister Foreign Affairs."

Some uncertainty exists in the minds of the officials of the legation as to whether this victory over the Venezuelans is identical with that reported by the press of Caracas in the press dispatches or the result of another fight. Dr. Silva, the minister, is inclined to former opinion. The officials feel very much gratified over the advice. Some stress is laid on the statement that this invasion was without a previous declaration of war on Venezuela's part. Dr. Silva says, shows the irregularity of the course the later country has taken. Dr. Mendez, who was confined to his bed by a severe foreign affairs who appointment followed the Colombian cabinet crisis reported from Bogota Monday.

No further advice has been received on that subject, and Dr. Silva is disposed to believe that the resignation of the cabinet was not general. It was confined to possibly the ministry of foreign affairs, to which the minister of finance was appointed, thus leaving a vacancy in the latter office.

A letter sent to the legation by the Colombian consul at Caracas gave some details of the recent fight at Caranua, 15 miles from Rio Hacha, on the Goajira peninsula, and which probably is identical with that referred to by Minister Mendez in his dispatch to the State Department. It shows that the victory over the Venezuelans taking four batteries of artillery, 100 men, and a considerable amount of ammunition. Gen. Echeverria, who led a portion of the expedition, the report states, was killed. The capture of a considerable quantity of arms and ammunition, which say that he had fallen captive into the hands of the Colombians.

The reunion and campfire at Mower's Park under the auspices of Croston Post on Friday and Saturday last was a success in every way. There was good speaking to a fair-sized crowd on Friday, followed by a largely attended and interesting campfire in the evening. Saturday promised to be a big day, but was a rainy day instead. In spite of the rain, however, a crowd numbering near five hundred was on the grounds. The program was well carried out. The tabernacle was beautifully decorated with flags, hunting and portraits of a number of our distinguished countrymen, wreathed with the National colors, while directly over the stand was a large portrait of our beloved McKinley with his heavy wreath of grape.

The cool weather and the colder evenings that are headed this way may result in the resuscitation of the real old ston-pure "Rubes." They were the most marvelous bowlers that ever steered a ball up against the head pin.

Digests what you Eat
Dyspepsia Cure

Some people wonder why pepsin preparations don't help their dyspepsia. They probably suffer because they can't digest foods that pepsin does not affect. The reason is, pepsin digests only nitrogenous foods, while different substances are required to digest the variety of other foods necessary for proper nourishment. Kodol Dyspepsia Cure contains all the digestants, and is capable of completely digesting every kind of food. That is why it digests what you eat and allows you to eat all the variety you want and that is why it cures indigestion, even after everything else has failed. As it is the only preparation of the kind known, the demand for it has become enormous. Its use affords instant relief from all forms of stomach trouble.

An Open Letter.

We desire to say that our business since January 1st has passed the mark anticipated. We wish to be frank; therefore we are not attempting to talk to business people and put it in the form of a polished essay. The advantage of having merchandise different from your competitors is apparent, provided that the retailer is known to be reliable. Does not a good deal of advertising appear to you as though the advertisers were indulging too freely in Fine Florida? Most of them seem to say something that means nothing. Names are invented for goods that have no bearing whatever to the materials, turned and twisted until they are no longer relevant, all of which is done to tone the product, because the product hasn't enough of it. Fine feathers make the bird, but fine words do not make the goods. We are strong believers in advertising because it is a good thing, but advertising doesn't pay unless constructed on a proper basis, and that is to plainly tell people what you have to sell, and sell it as low as is consistent with legitimate business methods.

Our spring importation of Dress Goods, White Goods, Carpets, Mats, and Housekeeping Goods generally is complete. Come and learn prices, which will be found to be as cheap as the cheapest, quality considered. Respectfully,
GEORGE COX & SON.
